RAWHIDE WESTERN.—The CALIFORNIA CONSTRUCTION CO., of Rawhide, has been given the contract for construction of this road from Rawhide, Nev., to a connection with the Tonopah & Goldfield, 29 miles. The capital stock of the company is $1,000,000. The incorporators were Charles J. Sadler of Reno, Nev.; A. D. Renfro and Fred Grutt; of Rawhide, Nev.; Joel Whitten Hicks of San Francisco, Cal., and S. D. Crump, of Rawhide, Nev. Estimated cost, $300,000 to $500,000. See item under "Nevada Central" in issue of March 26.

ROME & OSCEOLA.—Incorporated in New York to build a standard-gage railroad from Rome to Osceola, N. Y., 25 miles. Capital stock, $500,000. The incorporation is for 999 years. The use of steam, electric or other mechanical power is permitted. The building of the road will make accessible in a commercial way large tracts of thickly timbered land. It will mean the destruction of some splendid forests, it is said. The directors named for the first years are: W. Pierrepont White, Utica; Hugh White, Utica; David Swancott, Lee Center; Jay A. Pease, Boonville; William I. Taber, Utica; W. S. Jones, Pierrepont Manor; Jonathan S. Haselton, Rome; Thomas H. Stryker, Rome; Franklin A. Ethridge, Rome; John S. Wardwell, Rome; Fred. M. Shelley, Rome; Edward H. Comstock, Rome; John D. McMahon, Rome. The principal office of the company is to be located in Rome.

SHARON R. R. (Erie).—The stockholders of the Sharon R. R. Co., known now as the New Castle branch of Erie, met at Sharon on March 23 and voted to increase the capital stock of the line from $800,000 to $1,600,000. The company has planned to practically rebuild the present line from Ferrona, above Sharon, to New Castle, Pa. Curves will be eliminated, and the road will be double-tracked for nearly the entire distance. New yards will be built, and terminal facilities at both ends of the line will be bettered. It is proposed to make the improvements at the following estimated cost: Improving the line between Ferrona and New Castle, $300,000; double-tracking what is now a single-track line between Wheatland and Ferrona, $200,000; additions to the yard at Ferrona, $130,000; building a new engine house at Ferrona, $75,000. F. L. Stuart is Ch. Engr., 11 Broadway, New York.

SOUTHERN UTAH.—We are officially advised that location surveys will be completed soon. This railway is to be built in connection with the Consolidated Fuel Co.'s coal mines. Construction contracts probably will be let soon. J. H. R. Franklin is Pres.; A. A. Sweet is Gen. Mgr., both at Salt Lake City, and John F. Williamson, Price, Utah, is Ch. Engr. Noted on Dec. 19.

TEXAS & PACIFIC.—L. S. Thorne, Vice-Pres. and Gen. Mgr. of the Texas & Pacific, notified the Railroad Commission of Texas on March 18 that this company will be unable on account of the condition of the money market to comply with the orders issued by the commission requiring it to make expensive improvements in its track and to purchase a large amount of new equipment. It is further stated that the improvements ordered are not needed at this time even if it were possible to get the money with which to make them.

WOLCOTTVILLE & COLDWATER.—O. G. Wales, Pres., 109 North Eleventh St., St. Louis, Mo., advises us that it is proposed to build between Wolcottville and Coldwater, Mo., 30 miles, and that it is expected to begin construction soon.

YOUGHIOGHENY & CHEAT RIVER.—Construction work will be started soon on this proposed railroad. Surveys have been completed and it is expected that contracts will be awarded this month. Edmund W. Mudge, Frick Bldg., Pittsburg, Pa., is Pres. of the company, which was chartered a few months ago. A large coal and timber tract will be tapped and it is probable that the road will be extended later. The company has a paid up capital of $300,000, and the same interests, including the Keisters and Overholts, of Uniontown, are said to be interested in the recently formed $1,000,000 North Preston Coal Company. The plans call for a line along the Cheat River to a connection with the Baltimore & Ohio Railroad.

ELECTRIC RAILWAYS.

CAMDEN, N. J.—William S. Casselman of the West Jersey Title & Guaranty Co., of Camden, has been appointed receiver for the Delaware & Atlantic City R. R. Co. Both sides agreed to the appointment of Mr. Casselman. It was explained to the court that the company's only asset was $104,000 deposited with the Secretary of State as a guarantee that it would construct a railroad between Camden and Atlantic City, the deposit being at the rate of $2,000 per mile. The court fixed the bond of the receiver at $104,000. There has been more or less litigation over the affairs of the company recently. The company was organized in 1899 with a capital of $6,000,000. The proposed electric line was to compete with the West Jersey & Seashore Railroad.

POTTSTOWN, PA. — The Pottstown & Reading St. Ry. Co. may construct an extension to Linfield, Pa., this summer. C. T. Leland is Secy. and Pur. Agt., Philadelphia. Harry Sweinhart, Pottstown, is Gen. Mgr. and Supt.

ELLWOOD CITY, PA.—On March 27, a charter was granted to the Ellwood City & Wurtemberg Electric Ry. Co. to construct a 3-mile line. Capital, $18,000. The directors are J. T. Macklin, Frisco, Beaver County, Pa.; John M. Curry, S. P. Turner, J. N. Kirker, S. C. Van Gorder, H. G. French and J. H. Newton, Wurtemberg, and J. Z. French and A. Tortier, Ellwood City. Noted on March 19.

HANOVER, PA.—An extension will be built at once by the Hanover & McSherrystown St. Ry. Co., from Hanover to Littlestown, Pa., seven miles in length. JOHN DOBBLING, of York, Pa., has contract. An extension may be built also from McSherrystown to New Oxford, a distance of five miles. The projected line will then be constructed to Berlin Junction, when the East Berlin Ry. (7 miles long) will be electrified and continued through Abbottstown to East Berlin. After the line to Littlestown is completed it is proposed to extend the railway to Gettysburg, ten miles distant. Robt. E. Manley is Gen. Mgr., Hanover.

WILMINGTON, DEL.—The Diamond State Rapid Transit Co. will begin construction of its proposed line soon, according to J. W. Endean, Ch. Engr., and Gen. Mgr., Smyrna, Del. The NATIONAL CONSTRUCTION CO., which was recently incorporated, will construct the road. The total length of the proposed railway will be 98 miles, and it will connect the following cities: Wilmington, New Castle, Delaware City, St. Georges, Odessa, Smyrna, Dover, Camden, Magnolia, Frederica, Milford, Milton, Lewes and Rehoboth. Company will install overhead trolley system. A power station will be built at St. Georges, Del., with the repair shops at St. Georges, Smyna and Milford. The authorized capital stock is $3,000,000 of which $50,000 has been issued. The other officers are as follows: M. V. Ford, Pres.; S. Derrickson, Vice-Pres.; H. Hartman, Secy. and Treas.; all of Smyrna. In December, 1907, we were advised by Mr. Endean, who was Pres. and Ch. Engr. of the Smyrna, Kent County & Delaware Bay Traction Co., Smyrna, that "construction contracts probably will be let in the near future for building this proposed line. It will extend from Delaware City to Milford, Del., 68 miles. Right-of-way and capital have been secured. Surveys are under way." Noted on Dec. 19.

ATLANTA, GA.—We are officially informed that the Atlanta & Carolina Ry. Co. will let contracts about June 1 for its proposed electric line between Atlanta and Augusta, Ga., which will be 200 miles in length. Surveys are made. Right-of-way and capital have been secured. J. W. English is Pres. and Matthew Nason is Vice-Pres. and Gen. Mgr., at Atlanta. Noted on March 19 and Feb. 20.

Ethan Philbrick, Ch. Engr. of the Atlanta, Norcross & Gainesville Elec. R. R. Co., Baldwin, Ga., advises us that company is not yet ready to let contracts for construction of its line. H. D. Jaquish, of Gainesville, Ga., is Pres. The proposed railway will be 53 miles long, connecting Atlanta and Gainesville, practically paralleling the Southern Ry. Hydro-electric power will be used. Noted on Feb. 27.

NASHVILLE, TENN.—Construction will be resumed on the Nashville Interurban Railroad in April. As stated on Jan. 16 a contract has been made with the Nashville Railway & Light Co. whereby that company will furnish the power for operating the road. The company proposes to build from Nashville to Mt. Pleasant, Tenn., 67 miles. The first section, to Franklin, now under construction, is 20 miles long. D. A. Proctor is Ch. Engr. of Const., Nashville; H. H. Mayberry is Pres.

BELLEFONTAINE, OHIO. — The City Council has granted the Ohio Electric Ry. Co. a 20-year franchise for an entrance to the city for its Lima-Bellefontaine line. F. A. Healy is Secy., Cincinnati.

NELSONVILLE, OHIO.—Construction will be started on the Nelsonville-Athens section of the Nelsonville, Athens & Glouster Traction line this spring. The line will be operated either by electricity or gasoline motors. It will serve the following cities and towns: Nelsonville, New Floodwood, Chauncey and Athens. A line will also be built from Chauncey through Jacksonville, Glouster, Murray City, Buchtel and back to Nelsonville. L. F. Carpenter is Pres.; C. W. Juniper, Secy.; Charles Tutt, Gen. Mgr., all of Nelsonville. Franchises have been secured. Noted on Feb. 27.

CLEVELAND, OHIO.—Right-of-way has been secured by the Cleveland, Brooklyn & Elyria Ry. Co. from Cleveland to Zanesville. The line, after leaving the Wooster Pike at Parma, will run south via North Royalton, Richfield, Bath, Copley, Loyal Oak, Barberton, Johnstown, Hametown, Easton, Doylestown (with a spur to Rittman), Marshallville, Orrville, Maysville, Mount Hope, Benton, Millersburg, Beck's Mills, Mound, Bloomfield, Keene, East Lewisville, Coshocton, Wills Creek, Adams' Mills, Marquand, Ferncliff, Adamsville and Sonora to Zanesville. The present officers of the Cleveland, Brooklyn & Elyria Co. are: W. E. Brooks, Elyria, Pres.; J. J. Breitinger, Cleveland, Vice-Pres.; J. Henry Knisely, Jr., Toledo, Secy., and B. E. Ottman, Cleveland, Treas. At the annual meeting on May 7 new interests are expected to enter the directorate. This company will be absorbed by a new company, to be known as the Cleveland, Orrville, Coshocton, Zanesville & Elyria Ry. Co. Noted officially on Nov. 21, 1907.

SOUTH BEND, IND.—J. M. Caulfield, First Vice-Pres. of the Kalamazoo, Elkhart & South Bend Traction Co., 238 Paris St., South Bend, advises us that this company has secured right-of-way and franchises for an electric line to connect the cities named in the title, a distance of 73 miles. The private right-of-way is 50 to 100 ft. wide. Surveys, maps, profiles and estimates have been completed. As previously noted, the company is in a position to furnish 25% of the cost of construction and equipment and to begin work within 30 days after the road is financed. Contracts will be let when capital is secured. Officers are as follows: Pres., A. D. Harris; First-Vice-Pres., J. M. Caulfield; Secy., E. C. Vincent; Treas., A. Hunsberger; Auditor, J. A. Bowman; Attorney, F. E. Lambert. M. L. Morris is Ch. Engr.

CALUMET, MICH.—The Houghton County St. Ry. Co. will begin construction next month on its extension from Calumet to Mohawk, seven miles, and from Houghton to Pawesdale, Mich., eleven miles. W. H. McGrath is Mgr., Houghton, Mich.; Stone & Webster are Gen. Mgrs., 147 Milk St., Boston, Mass.

CHICAGO, ILL.—The Calumet & South Chicago Ry. Co. has been incorporated in Illinois to effect a consolidation of the South Chicago City Ry. and the Calumet Electric Street Ry., under the provisions of a new franchise extension ordinance now pending before the Chicago City Council. Capital stock, $1,000. Incorporators: L. A. Busby, H. P. Weber and E. B. Hamilton. Noted fully on Feb. 20.

RED OAK, IOWA.—H. C. Deemer, of Red Oak, who is interested in the promotion of an electric railway to connect Red Oak and Des Moines, writes us that preliminary survey only has been made. Right-of-way and capital for construction have not been secured yet. The proposed line will be 100 miles long. Noted on Feb. 13.

BOZEMAN, MONT.—The Gallatin Valley Electric Ry. Co. has been incorporated in Montana to build an electric railway 26 miles long from Bozeman, Mont., to points in the farming districts of that section. Incorporators are: W. S. Hartman and C. D. Hartman, Bozeman, Mont.; and C. H. Winfree, Spokane, Wash.

DALLAS, TEX.—Grading is practically completed on the Texas Traction Co.'s projected line, the bridge and trestle work is nearly finished, 32 miles of track have been land on the line between Dallas and Sherman, Tex., (a distance of 63 miles), and 25 miles of poles have been erected. All of the rails have been delivered and much of the material for the overhead work. Most of the equipment has been installed in the power-house at McKinney and the four substations will be completed early this month. F. A. Jones is Ch. Engr., Dallas. Noted on Jan. 30.

The Dallas Interurban Electric Ry. Co. has petitioned for an extension of two years in which to begin work on the construction of its proposed system of local and interurban lines. The present franchise would have expired on April 1, 1908. Under the new franchise the company must have 30 miles of track laid by December, 1910. The company was incorporated several months ago to build 30 miles of street railway in Dallas and interurban lines from Dallas to Sherman, Denison, Greenville, Terrell and Tyler, Tex. A portion of the right-of-way has been secured and preliminary surveys made. Henry Dorsey is Pres,, Dallas. Noted on Feb. 20.

ASHLAND, ORE.—The Oregon Rapid Transit Co. has elected officers as follows: F. C. Page, Pres.; F. E. Merrick, Treas.; S. E. Nye, Secy., and Capt. F. L. Adams, Gen. Mgr. This company plans to build a network of railways to cover the Rogue River Valley from Grants Pass to Ashland. Water rights have been located for the development of about 30,000 HP., but at present negotiations are under way to secure power from the Condor Water & Power Co. Noted last week.

PASADENA, CAL.—Horace M. Dobbins, Pres. of the Pasadena Cycleway Association, who is at the head of a company that has been capitalized at $5,000,000 for the construction of an electric railway between Pasadena and Los Angeles, advises us that surveys have been made for this proposed line and that right-of-way is three-quarters secured. Additional right-of-way is being obtained now.

LIGHT AND POWER PLANTS.

(denotes that this work is advertised in Engineering News.)*

ORANGE, MASS.—We are officially advised that bids will be received at once by the Rodney Hunt Machine Co., 70 Kerby St., Orange, for building a concrete dam at the Partridgeville mill privilege recently purchased by the company. The dam, when completed, will furnish power to generate electricity for the operation and lighting of the plant of the Rodney Hunt Machine Co., and to other concerns. Eldridge N. Harris is Pres.

HOLYOKE MASS.—The only bid received on March 24 for installing two barometric condensers and altering the one now in use was submitted by the Deane Steam Pump Co., C. B. Moore, Mgr., 42 Battrymarch, Holyoke, at about $10,000. W. H. Snow is Mgr. Gas and Electric Light Dept.

BOSTON, MASS.—Bids are asked by Lt.-Col. Edward Burr, Corps Engrs., U. S. A., until noon, April 23, for steam boiler, pumps, water meter and parts of electric light plant.

NORWICH, CONN.—We are officially advised that the Uncas Power Co., 49 Shetucket St., Norwich, has awarded to TUCKER & VINTON, 103 Park Ave., New York, that contract to construct a dam and power plant on the Shetucket River in the town of Scotland. The dam, which will be 70 ft. thick at the bottom, will be 225 ft. long. The equipment of the power station will include three sets of duplex turbine wheels, with a capacity of 2,500 HP. The plant is expected to be completed and ready for operation by fall. The poles for the line between this city and Scotland have been erected and the wires have been strung.

Y., (C) $3,250, $3,650; Berry & Aiken, Philadelphia, (D) $431.

Bids are asked until April 15, at the Government Printing Office, H. T. Brian, Acting Public Printer, at the office of James Wilson, Secy., Dept. of Agriculture, and at the office of Rudolph Garfield, Secy. Dept. of the Interior, for furnishing electrical supplies, etc., for the respective departments during the fiscal year ending June 30, 1909.

CLEVELAND, OHIO.—George S. Rider & Co., Consult. Engrs., have completed plans and specifications for an addition to the present power plant of the Cleveland Worsted Mills Co., Broadway. This work will consist of a boiler-house, coal bunkers, a brick chimney 225 ft. high, mechanical stokers and capacity of 5,000 HP. in water tube boilers.

WAYNE, MICH.—The Village Council has let contract to WASHTENAW LIGHT & POWER CO., of Ann Arbor, to illuminate the streets. The company will install a plant here and have it in operation by Oct. 1. R. W. Hemphill, Ypsilanti, Mich., is Gen. Mgr.

MENOMINEE, MICH.—The Menominee & Marinette Light & Traction Co. intends to develop the Chappee Rapids, Menominee River, and to erect a power plant at an estimated cost of $400,000. The Chappee Rapids will supply electrical energy for light and power purposes both at Menominee and Marinette, and eventually, it is expected, for the operation of an interurban railway it is proposed to build between Menominee and Escanaba, taking in many small towns en route. Edward Daniell, Menominee, is Mgr.

CHICAGO, ILL.—Estimates are wanted by the Pfanmueller Engineering Co., First National Bank Bldg., Chicago, for alternator and engine; 75 to 125-KW. 60-cycle 3-phase 440-volt alternator, direct connected to engine; also one 100-KW. 60-cycle 3-phase 220-volt belt-driven alternator and switchboard.

MILWAUKEE, WIS.—R. W. Hunt & Co., The Rookery, Chicago, Ill., have prepared estimates for the Board of Public Works for a municipal electric lighting plant which will cost the city between $823,492 and $1,245,449. The figures in the report were upon 2,000 and 3,00 0arc lamps with one extra unit for commercial purposes in each instance. Separate figures are given for plants run by gas and by steam. The plant run by gas and of 3,000 lamp capacity will cost $1,245,449, while for 2,000 arc lamps the cost will be $920,867. A steam plant for 2,000 lamps will cost $823,492, and for 3,000 lamps, $1,079,607. An election will be held to vote on question this month. Charles G. Poetsch is City Engr.

JUNEAU, WIS.—Bids are asked by F. L. O'Neill, City Clerk, until 11 a. m., April 18, for the construction of a brick power-house and for furnishing a 300-gallon deep well triplex pump and a 25-HP. gasoline engine. W. G. Kirchoffer is Engr., Madison, Wis.

LOYAL, WIS.—Bids are asked by J. M. Philpott, Village Clerk, until 2 p. m., April 23, for construction of a brick power-house, a 30,000-gallon steel tank and tower and for furnishing 85-HP. gas producer and gas engine, 300-gallon triplex pump and a 45-KW. connected generator and switch board. G. Kirchoffer is Engr., Madison, Wis.

THIEF RIVER FALLS, MINN.—The Thief River Falls Electric Ry. Co. has decided to purchase a for a dam at some point along the Lake River. It is proposed to develop water power to furnish electricity to the proposed electric road.

GIRARD, ARK.—At a meeting of the City Council held March 11, a franchise was granted to W. L. Smith of Kansas City, representing Kansas Natural Gas Co., Farmers' Bldg., Pittsburg, Pa., granting the right to install a natural gas system in Girard. It is the intention of the company, it is stated, to extend a branch gas main from line of the Kansas Natural Gas Co., which now supplies Pittsburg. The connection will be made at a point between Cherokee and Fleming and run due north to Girard. C. McDowell is Mgr.

PINE BLUFF, ARK.—The Pine Bluff Light & Water Co. has let contracts for the erection of the power plant and reservoir which are to be parts of the new plant which the company is erecting in this city to replace the one which has proven inadequate to supply the city's demands. The SELDEN-BRECK CONSTRUCTION CO., Fullerton Bldg., St. Louis, Mo., has been awarded the contract for the power plant, and the contract for the reservoir has been let to the W. P. CARMICHAEL CO., H. M. Cryder, Mgr., Fullerton Bldg., St. Louis. B. C. Fowles, Pine Bluff, is Mgr. of the P. B. L. & W. Co.

EUREKA SPRINGS, ARK.—M. B. Baird, of Tulsa, Okla., has purchased the Blue Spring and properties surrounding the Walden Switch on the north side of the White River, and proposes to install an electric plant, which will take its power from the source of the spring. The company will be known as the Eureka-Blue Spring Water Co. and intends to establish a pleasure resort, it is stated.

COTTON PLANT, ARK.—It is the intention of the Cotton Plant Light & Power Co. to expend about $15,000 for improvements. E. P. Ford is Secy.

BARTLESVILLE, OKLA.—The Bartlesville Interurban Ry. Co., J. J. Curl, Pres., has awarded contract to the FREEBORN ENGINEERING & CONSTRUCTION CO., Heist Bldg., Kansas City, Mo., for overhead construction, trackla ying and installation of power-house machinery for railway to be built between Bartlesville and Dewey, Okla. Power-house equipment, including generators, engines, pumps and boilers will be purchased from John A Stewart Electric Co., Cincinnati, Ohio.

WAUREKA, OKLA.—The city has granted a franchise to M. Griffin O'Neil of Dallas, Tex., to install an electric light plant to cost about $10,000. Construction will be started at once.

TEXARKANA, TEX.—Charles G. Dawes, Pres. of Central Trust Co. of Illinois, 152 Monroe St., Chicago, Ill., John A. Markley, also of Chicago, and associates have awarded contract for piping for their proposed pipe line from Texarkana to Shreveport, La.; contract awarded to SOUTH CHESTER TUBE CO., of Chester, Pa., and calls for 50 miles of 8-in. pipe at $115,540, exclusive of fittings, laying and transportation. Noted on March 19.

BREMERTON, WASH.—Bids were received as follows March 28, at the Bureau of Yards and Docks, Navy Dept., Washington, for furnishing and installing two boilers, flues and stacks at the Puget Sound Navy Yard, Bremerton, Wash.: Halladie Machinery Co., 122 King St., Seattle, Item 3, $37,400; Babcock & Wilcox Co., North American Bldg., Philadelphia, Item 1, $30,000; Item 2, $33,757, Item 3, $33,330; Risdon Iron & Locomotive Works, 289 Steuart St., San Francisco, Item 1, $41,600, Item 2, $41,600, Item 3, $40,900; Elliott Bay Iron Works, 439 New York Block, Seattle, Item 3, $38,935; Alfons Custodis Chimney Construction Co., 95 Nassau St., New York, Item 3, chimney only, $10,015, radial brick, $6,999, reinforced concrete.

ROSALIA, WASH.—The Inland Empire Electric R. R. Co. has a franchise for an electric lighting system, and expects to have the system in operation by July.

SACRAMENTO, CAL.—We are officially advised that the projected power line of the Great Western Power Co., Crocker Bldg., San Francisco, follows as closely as possible the right-of-way of the Western Pacific Ry. Co. to a point ten miles north of Sacramento, where it deflects and enters the American River bottom at a point near Perkins. After crossing the river the route lies along the public road leading in the direction of Florin, but lies between that village and Elk Grove. Throughout the whole length the line is on private property, nothing in the way of a franchise on a county road being asked. The power company has taken options for a period covering 200 days. While the power line leaves the railroad route ten miles north of town, it is never out of sight thereof. Poles will not be used. In their stead the reliance will be on masts erected 750 ft. apart and 84 ft. high. At each road crossing a net will be placed so as to intercept the wires should they be in any manner broken or disconnected from the tower supports. The line will cost completed, over $15,000 a mile. From the neighborhood of Perkins a line will be brought into Sacramento. It was the opinion of the engineers that the wires will be stretched and ready for use by fall. Brown & Wilson, 115 Broadway, New York, are interested.

PARIS, IDAHO.—Improvements are contemplated by the Bear Lake Valley Ry. Electric Co. to its plant, which will involve an expenditure of about $12,000. The company contemplates putting in a pipe line from the spring, which forms the head waters of Paris Creek, to the site of the present power house, and the erection of a new power house. The plant will have a capacity of about 1,000 HP. C. R. Slusser, Montpelier, Idaho, is Pres.

OGDEN, UTAH.—Power will be developed, it is stated, at Willard Canyon, for the purpose of operating the Ogden & Northwestern R. R. Co.'s trolley line and its extension to Brigham City, and probably part of the Ogden Rapid Transit Co.'s trolley system. The acquisition of rights to all the available water in the canyon by M. S. Browning, acting for his associates, was the first step in the consummation of the project. It is proposed to erect a power house not far from the canyon, and to extend the Hot Springs line on to Brigham City, place the entire system under electric power and operate cars between Ogden and the terminal of the road. W. J. Shealy is Gen. Mgr. of the O. & N. W. R. R. Co.

WINNIPEG, MAN.—The City Council has decided to proceed with the water-power development at Point du Bois Falls as soon as possible and the Board of Control has taken steps toward the construction of the tramway from Las du Bonnet to Pointe du Bois. Cecil B. Smith is Electrical Engr.

PRINCE ALBERT, SASK.—On March 19, in regard to the proposed power development for this city, at Steep Creek on the Saskatchewan River, it was erroneously stated that "10,000 HP. can be developed for $350,000 and 10,000 HP. for $1,000,000." The following figures, taken from the report of Charles H. Mitchell, Consult. Engr. to the city of Prince Albert, are correct: 10,000 HP. can be developed for about $1,000,000, a portion of which can be secured as an initial development, not exceeding 2,000 HP., at a cost of $350,000.

NELSON, B. C.—Cecil B. Smith, Consult. Engr., Winnipeg, writes us that the city of Nelson has a power plant now constructed on the Kootenay River at Bowington Falls, nine miles west of the city. The general construction is on a basis of four vertical units of 1,000 KW. each under 60-ft. head, but the installation to date consists of one unit of 750 KW., nominal rating, and single 3-wire aluminum circuit to Nelson. The work which Smith, Kerry & Chace, Confederation Life Bldg., Toronto, have been called upon to do is to install a second unit of 1,000 KW., also a second transmission circuit and a certain amount of reconstruction necessary for a larger station.

U. S. POSSESIONS AND CUBA.

WAGON ROAD.—Alaska.—Bids are asked until noon, May 1, by the Board of Road Commissioners, Skagway, Alaska, for constructing a wagon road from the end of the completed road near Hindustucki, on the Chilkat River, 3½ miles from the town of Haines, to Wells, on the Chilkat River, a distance of approximately 21½ miles. Information on application. Sam. C. Orchard, First Lieut. Third Inf., Secy. of the Board.

SUGAR FACTORY.—Cuba.—A contract at about $1,000,000 for the construction of a large sugar factory in Cuba has been awarded the N. P. PRATT LABORATORY and its subsidiary company, the FULTON FOUNDRY & MACHINE WORKS. The machinery will be installed in the factories owned by the Jucaro and Moron Sugar & Land Co. The water supply necessary for the operation of the factories will be furnished by a 12,000,000-gallon pump, more than half as large as the pump which the city of Atlanta is in the process of buying. The contract is one of the largest awarded and the Atlanta company is to be congratulated. It is believed that other business of a like nature will follow. All of the machinery will be made in the Atlanta shops, as well as much of the apparatus.
